

GUIDELINES FOR LOT OWNERS

Riverside Cemetery strives to honor tangible expressions of grief and sympathy at gravesites while safely and efficiently maintaining cemetery grounds. To accomplish these goals the following guidelines have been established.

As of November 1, 2016 any fencing, edging or in ground plantings placed without written approval of the cemetery administrator will be removed at lot owner's expense. Those placed prior to the given date may be removed if unattended for more than six months.

All containers for plants/decorations must be unbreakable and placed on shepherd's hooks, urns or monument-attached vases, and must not extend more than twelve inches from the gravestone.

Above ground plants/decorations can be displayed from Palm Sunday through October 15 and from the Saturday before Thanksgiving until March 1 of any year.

RIVERSIDE CEMETERY PROVIDES THE FOLLOWING SERVICES:

20 YEAR FLOWER TRUST: \$2,200.00

A concrete flower urn will be planted each season. It will be watered and pruned during the growing season, and emptied prior to fall clean up. The flower trust includes placement of a holiday wreath before Thanksgiving.

SPRING FLOWER SERVICES

Riverside Cemetery provides a variety of annual flower services. Fees are per planting.

HOLIDAY WREATH

We offer a 24-inch, handmade wreath decorated with pine cones and a bright red bow. Our staff will place the wreath by Thanksgiving weekend and pick up the wreath at the conclusion of the holiday season.

*Please email, call, or stop by our office to discuss these services.
